

# LEARNER STORY OBJECTIVES

A learner story objective identifies the different motivators for a learner to successfully complete training.

## AS A \_\_\_\_\_

Identify the learner's role or responsibility in relationship to the training.

## I WANT/NEED/CAN \_\_\_\_\_

Clarify what information or task is being learned in this training.

## SO THAT \_\_\_\_\_

State what the learner is able and expected to accomplish within that stated role or responsibility when with the stated knowledge or task.

## GO FURTHER!

Learner story objectives can also be used to identify course micro or macro objectives, potential learning gaps, or additional training opportunities.
